## CONDITIONS OF ENTRY

---

1. The British Rowing Championships are open to all clubs affiliated to any Great Britain Rowing Body. Individual competitors, including substitutes, must have been registered members of their declared club(s) since before 1st June 2010.
2. The British Rowing Championships are a national event. Foreign entries are specifically excluded. In addition, no competitor who has represented a foreign country at any event or competed for a foreign club at Henley Women's Regatta or Henley Royal Regatta in the current year may participate in any event at the British Rowing Championships.
3. Competitors will provide their own equipment. The use of FISA Standard Adaptive boats is mandatory.
4. Entries from British Rowing's Junior Squad are required to comply with the instructions for and conditions of entry in all respects. However, the crew composition may be changed in its entirety after the closing date, provided that those name changes are supplied in writing to the Entries Secretary by Tuesday 13th July 2010. After this time no further changes may be made unless for certified medical reasons. Crews using this condition may only compete in Senior Events of the Regatta.
5. The organising committee reserves the right to exclude any crew or sculler from further competition in an event if it does not show sufficient competence in either attaching to the start pontoons or progressing down the course during a race. This rule will be applied in the interests of safety and fairness to other competitors.
12. Even if the number of crews registering for a time trial in any event falls below 25, the time trial will still go ahead.
13. Entrants who fail to confirm their entry according to Instruction 18 below will not be permitted to start. Those who have confirmed but then fail to appear at the start for any of their races in the event may be disqualified from other events in the Championships.
14. Withdrawal after an entrant's first race will be allowed if notice is given to the Entries Secretary and there are acceptable reasons, or the entrant's next race is a repechage.
15. Any crew which does not present a complete set of licences and then wins a medal may not be presented with any medals until the missing licences are provided.
16. It is the competitor's responsibility to keep himself informed of any changes to the event programme.

---

## REGULATIONS FOR RACING

---

6. The Regatta is held under the Rules of British Rowing and the British Rowing Rules of Racing will apply.
7. No provision will be made for multiple entries.
8. To win a medal it will be necessary for a crew to beat another crew, except for gold in the event of withdrawals. Events (other than adaptive events) attracting fewer than three entries at the close of entries will be withdrawn. If there is only one entry in an adaptive W 1x event, that competitor will be offered a place in the equivalent (LTA, TA or AS) Open 1x event.
9. Entry fees will not be refundable if it should become necessary, for any reason, to abandon the Championships or any event.
10. When it is not possible, for whatever reason, to complete the Championships or an event, the draw pattern may be changed or times from time trials, heats, repechages or semi-finals may be used to determine which crews progress to later rounds, or the medal positions.
11. Events where the entry is 25 or more will be the subject of a time trial over 1500 m to reduce the entry to 12. There will then be two semi-finals. Details of these time trials will be published on the Regatta website as part of the provisional draw.
17. Competitors who decide to scratch before the Regatta should inform the Entries Secretary by e-mail.
18. A representative of every crew must confirm its intention to race to the Entries Secretary at the Regatta, not later than 90 minutes before the time of the first race in the event for which it has been entered. This instruction includes those crews registering for a time trial under Regulation 11 above.
19. Crew changes under the Rules of Racing must be notified to the Entries Secretary before the crew goes afloat. Those notifying crew changes at the Regatta should be able to provide details of the substitute's registered club, name, date of birth and racing licence number as recorded by the relevant Great Britain Rowing Body.
20. Crews withdrawing from an event should inform the Entries Secretary and should note that once withdrawn they cannot be reinstated.
21. All racing licences must be available at registration. The Entries Secretary may ask to see them and/or retain them and a crew will not be able to register until it has complied with such a request.
22. Competitors in LTA, TA and AS events should confirm their classification at registration.
23. Crews should retain their Confirmation of Entry and Weight Certificate, which will be inspected by officials during the Regatta. Competitors weighing in should present their racing licence and Confirmation of Entry and Weight Certificate slip at weigh-in.
24. Crews qualifying for finals will be required to present their racing licences and Confirmation of Entry and Weight Certificate in order to be given a lane number.
