

TALKIN TARN AMATEUR ROWING CLUB

150th ANNIVERSARY YEAR IN 2009

President: Mrs J Telford Chairman: Mr G M Dodd Captain: Mr G E Mark Hon. Secretary: Miss K Warwick

150 years of rowing history

We are Cumbria's only rowing club, competing across the North of England, winning a club record haul of medals in 2007.

We have won National Championships medals too.

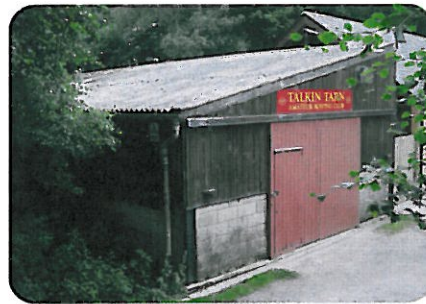

We have the most picturesque rowing location in the UK.

Our award winning coaches welcome new members

The Challenge Facing the Club - its Boathouse

- agricultural shed built in the 1960's
- too small for the boats we have
- built on running sand
- cracks appearing in the floor
- walls and asbestos roof aging
- will only last a few more years

Project 150

- Get planning permission to build a boathouse that is fit for purpose
- Agree a long term lease with Carlisle City Council
- Raise £150,000 locally (we have a detailed action plan)
- Match this with lottery funding

The project has the support of the Amateur Rowing Association, the sport's national governing body, which has included the need for a new boathouse at the Tarn in its latest strategic plan as a priority project.

Sir Matthew Pinsent CBE, four times Olympic gold medal winning rower, has agreed to be the patron of our project.

We need your help
